

ArcticStore reborn

When you require supplementary storage space due to events, seasonal demands or simply increased business; an on site portable cold store from ArcticStore has many advantages.

Since TITAN's acquisition in 2008 a fleet renewal program has transformed the ageing fleet into one of the most modern in the UK & Ireland hire market.

Our 10ft, 20ft & 40ft cold stores feature new dual temperature self-contained refrigeration machines from Thermo King and Daikin complete with ramp or at dock height. Our cold stores give accurate thermostat control between -35°C to +30°C ensuring the best possible storage environment for your products.

Delivered from our nationwide depots, ArcticStore cold stores are a fast & reliable solution when you require additional on site storage space for your products. Our AS & AP models include HSE and user friendly features to ensure the best possible on site performance for you and your staff. Further, the new technology machines ensure minimal power consumption; significant power savings and improving your company's green footprint are just 2 of the advantages.

For further information on how we can help with your portable cold storage or dry box requirements please call David Penn 0208 362 1444 also you can check out website – www.ArcticStore.co.uk
